04/27/2018 14:29:32 PM from varsha sewlal to All Participants:
I was of the view that the objective of the course laid the foundation to laying down a logical structure in developing policies. It would be beneficial to practice more. I agree with ascertaining interest levels of members which would enable graeter participation.

04/27/2018 14:43:48 PM from Stephanie Perrin to All Participants:
I am term limited out of Council this October, and I would be happy to mentor folks. My specialty is privacy, but I also have quite a bit of budget and risk management experience, something that is important at ICANN because of its immaturity in terms of accountability.

04/27/2018 14:44:32 PM from Stephanie Perrin to All Participants:
I will continue to follow the privacy debates, and volunteer on these committees...you don't have to attend meetings to be effective.

04/27/2018 14:46:25 PM from bruna santos to All Participants:
Viviane told me she's joining the call soon, as she is having probs

Iright thanks Maryam :)

04/27/2018 14:48:55 PM from Stephanie Perrin to All Participants:
OK I would be happy to set up a little interest group on a list, maybe that would be a way to start getting folks engaged on what is happening with respect to privacy matters.

04/27/2018 14:49:09 PM from Renata Aquino Ribeiro to All Participants:
thanks Stephanie, that is a very good idea

04/27/2018 14:50:32 PM from Thato Mfikwe to All Participants:
The buddy prog is very critical as it enables one to have confidence in talking about ICANN and eases the process of engagement for newcomers and those who are kind of mentoring helping them, i.e buddy leads.

04/27/2018 14:50:54 PM from varsha sewlal to All Participants:
I appreciate that. Including relevant links to enable us to research will also be beneficial.

04/27/2018 14:51:12 PM from Uffa Modey to All Participants:
I will like to be mentored in the buddy program. it's a very great initiative

04/27/2018 14:51:15 PM from Stephanie Perrin to All Participants:
